

CREA CONCEALED WASHBASIN FAUCET WITH BOX  
CHROME  
[COLLECTION CREA, CREA FITTINGS](#)

PRODUCT CODE: S951-330

Product description

The slender shapes of CREA fittings refer to the sublime delicacy of the entire Cersanit brand concept. This single-handle concealed washbasin faucet from CREA collection features the Cersanit Water Save Aerator with EasyCLEAN silicone finish, which prevents limescale build-up. The applied ecological Cersanit Water Save Aerator aerates the water stream thus increasing its volume and limiting the water flow to 6 l/min. This allows for a strong, powerful stream without having to turn on the faucet to the maximum. It is fitted with a 35 mm ceramic cartridge, thanks to which the operation of the faucet is precise and easy throughout its life cycle. The concealed part of the fittings is a modern solution in the form of a box, which is easy to install and replace. The product comes with a 12-year warranty on the body and a 5-year warranty on the cartridge.
